1. Executive Summary & Paradigm Shift

Building commercial credit allows business entities to acquire substantial capital, trade lines, and vehicle/equipment leasing without encumbering personal credit scores or executing personal guarantees. Global Generational Wealth structures corporate profiles according to the exact compliance requirements of major credit bureaus: Dun & Bradstreet, Experian Business, and Equifax Commercial.

2. Tier 1: Net-30 Vendor Accounts Foundation

Tier 1 is the launchpad. We establish 5 to 7 vendor trade lines with reputable national suppliers that report promptly to D&B and Experian. Invoices must be settled early (within 10-15 days) to generate a top-tier PAYDEX score of 80 or above.

3. Tier 2: Revolving Store & Fleet Lines

Once 5 trade lines are reporting on your D&B profile and your PAYDEX score is established, the entity graduates to Tier 2 revolving store credit and corporate fleet cards (Home Depot Commercial, Lowe’s Pro, Shell Fleet, Amazon Corporate Revolving) without personal liability.

4. Tier 3 & Institutional Banking: 0% APR Facilities

With a seasoned profile and strong bank rating (maintaining a minimum low-5 to mid-5 average daily balance), entities can unlock $50,000 to $250,000+ in 0% introductory APR business lines, enabling zero-cost leverage to scale operations and acquire performing assets.
